

Low-cost Internet Resources 2020

Comcast

Comcast offers several low-cost options with Xfinity Internet. Learn more at xfinity.com/learn/internet-service or call 1-800-XFINITY

Internet Essentials

Internet Essentials provides affordable high-speed internet for low-income households.

New customers will receive two months of free service in response to the Coronavirus emergency through the end of 2020. You may qualify if you are eligible for public assistance programs such as the National School Lunch Program, Housing Assistance, Medicaid, SNAP, SSI, and others. Xfinity Internet customers are not eligible for Internet Essentials.

Learn more and see if you qualify for the program at <https://www.internetessentials.com/>

Xfinity WiFi Hotspots Available to All

To help people connect to the internet during the Covid-19 crisis, Comcast is extending free access to its 1.5 million public Xfinity WiFi hotspots to anyone who needs them, including non-customers, through the end of 2020.

Locate hotspots by following these steps:

1. Go online to wifi.xfinity.com
2. Use "find a hotspot" and enter your city or zip code
3. Go to location of hotspot
4. Look for "xfinitywifi" in the list of available networks on your device. Most are located in businesses and outdoor locations. Note: If you are asked to pay for additional time, you are most likely logged onto a residential hotspot, which is not a part of Comcast's COVID-19 open access.

AT&T

Access from AT&T provides low-cost internet service for eligible households starting at \$10 per month. AT&T is also waving home internet data overage charges through September 30, meaning customers can use unlimited data without seeing additional charges on their bill.

To apply for Access from AT&T, visit <https://www.att.com/internet/access/>

T-Mobile

Introducing their lowest-priced plans ever, starting at only \$15/month.
